LUKOIL ROMANIA REQUALIFIED FOR ISO 9001 AND EN ISO 14001

LUKOIL Group's subsidiary, LUKOIL Romania SRL, has successfully requalified its ISO 9001 and EN ISO 14001 integrated management system and has become one of the first companies of Romanian oil industry to comply with the international product quality, health, industrial and environmental safety standards as revised in 2015.

According to the qualification commission, the company provides products and services, fully conforming both to clients' expectations and legal requirements. Renewed qualification for the ISO 2015 edition proves compliance of the company's operations with updated requirements on the improvement of its environmental efficiency and industrial health and safety systems.

"An integrated management system, duly implemented, maintained and improved, is the mandatory condition of international qualification. The availability of the system affects the company's reputation across the market and represents its advertence to all stakeholders, including clients, partners, employees and local communities", the First Vice President of LUKOIL Vladimir Nekrasov said.
